

2 August 2021

**Derwent London plc (“Derwent London” / “the Group”)
ACQUISITION OF BUSH HOUSE, SOUTH WEST WING WC2
LEASEHOLD INTEREST**

Derwent London is pleased to announce the acquisition of the outstanding 7-year headlease interest in Bush House, South West Wing WC2 for £13.5m before costs. The Group already owns the freehold of this 103,700 sq ft office building facing the Strand. It is being acquired with vacant possession. Combining this purchase and the December 2020 valuation of the Group’s freehold interest equates to £51.8m or c.£500 per sq ft.

We have appointed architects Stiff & Trevillion on the refurbishment and extension of the existing building which, subject to planning, could increase the lettable area to c.130,000 sq ft with a possible start in 2022.

Paul Williams, Chief Executive of Derwent London, said:

“This acquisition accelerates our refurbishment ambitions for this exciting site as well as creating immediate marriage value for the Group. We intend to restore our part of this London landmark to the prominence it deserves, ensuring the most modern, adaptable and sustainable design-led offices.”

Notes to editors

Derwent London plc

Derwent London plc owns 83 buildings in a commercial real estate portfolio predominantly in central London valued at £5.4 billion as at 31 December 2020, making it the largest London-focused real estate investment trust (REIT).

Our experienced team has a long track record of creating value throughout the property cycle by regenerating our buildings via development or refurbishment, effective asset management and capital recycling.

We typically acquire central London properties off-market with low capital values and modest rents in improving locations, most of which are either in the West End or the Tech Belt. We capitalise on the unique qualities of each of our properties – taking a fresh approach to the regeneration of every building with a focus on anticipating tenant requirements and an emphasis on design.

Reflecting and supporting our long-term success, the business has a strong balance sheet with modest leverage, a robust income stream and flexible financing.

As part of our commitment to lead the industry in mitigating climate change, Derwent London has committed to becoming a net zero carbon business by 2030, publishing its pathway to achieving this goal in July 2020. In 2019 the Group became the first UK REIT to sign a Revolving Credit Facility with a 'green' tranche. At the same time, we also launched our Green Finance Framework and signed the Better Buildings Partnership's climate change commitment. The Group is a member of the 'RE100' which recognises Derwent London as an influential company, committed to 100% renewable power by purchasing renewable energy, a key step in becoming a net zero carbon business. Derwent London is one of only a few property companies worldwide to have science-based carbon targets validated by the Science Based Targets initiative (SBTi).

Landmark schemes in our 5.6 million sq ft portfolio include 80 Charlotte Street W1, Brunel Building W2, White Collar Factory EC1, Angel Building EC1, 1-2 Stephen Street W1, Horseferry House SW1 and Tea Building E1.

In January 2021, Derwent London came top of the Property Sector and 10th position overall in Management Today's Britain's Most Admired Companies awards 2020. In the year the Group has won several awards for Brunel Building with the most prominent being the BCO Best Commercial Workplace award. In 2019 the Group won EG Offices Company of the Year, the CoStar West End Deal of the Year for Brunel Building and Westminster Business Council's Best Achievement in Sustainability award. In 2013 the Company launched a voluntary Community Fund and has to date supported well over 100 community projects in the West End and the Tech Belt.

The Company is a public limited company, which is listed on the London Stock Exchange and incorporated and domiciled in the UK. The address of its registered office is 25 Savile Row, London, W1S 2ER.
